25X1A9a

Project 34.1033 -- IM-429

"Implications of the Planned Expansion In the Soviet Machine Tool and Metalforming Machinery Industries."

25X1A5a1

Originally cited as one of the sources for this report was a Debriefing  
25X1A5a1 January 1956 of [REDACTED]

25X1A5a1

The Debriefing was summarized in a dittoed report dated 31 Jan. 1956 classified Secret/NOFORN. It was not identified by number. A 25X1A5a1 Project 34.1033 the Debriefing was cited as "Unpublished report of [REDACTED]"

25X1A9a

25X1A9a

Inquiries by [REDACTED] of St/PC were made. St/I advised that the Debriefing was originally arranged by OO. [REDACTED] of OO was contacted to determine whether an OO-B had been issued, based on the Debriefing.

[REDACTED] advised that [REDACTED] of 24 Feb. '56 classified the Secret/NOFORN/Limited/No Dissem Abroad covered the debriefing and that he would discuss its use 25X1A2g the ORR project with [REDACTED] or a member of his staff in OO.

25X1A9a

25X1A9a [REDACTED] 25X1A9a [REDACTED] phoned [REDACTED] relative to the above OO-B. When [REDACTED] was told that the Report prepared by ORR 25X1A9a contained verbatim abstracts from the OO-B and the mention of the name of [REDACTED] he advised [REDACTED] that OO had no objection to 25X1A9a

such use of the material in the [REDACTED] ORR report inasmuch as the IAC had also received the OO-B and others in the series relating to [REDACTED] It was therefore mandatory that the entire IM-429 would carry the classification : "Secret/NOFORN/Limited/ No Dissemination Abroad. "

25X1A5a1

N.B.- A paragraph on the transmittal sheet forwarding the project to St/PB stated that in February 1956 a letter from the DDI asking for further information on US-USSR machine tool [REDACTED] production be provided. (Apparently this letter was answered) Project 34.1033 represents a follow-up on this subject.
